INTRODUCTION

TADs are a redevelopment and financing tool by which governments can provide financial assistance to eligible public and private redevelopment efforts within an officially designated area or TAD. Increases in property tax revenues, which are generated primarily from new investment in the district, are allocated to pay for infrastructure costs or certain private development costs within the TAD.

Invest Atlanta intends to utilize available Campbellton Road Tax Allocation District ("Campbellton TAD") tax increment to provide gap financing for redevelopment and capital projects in the Campbellton TAD.

Invest Atlanta invites qualified developers, property owners, and business owners seeking to develop catalytic real estate projects and/or improve eligible property within the Campbellton TAD to apply for funding assistance from the following programs:

- Resurgens Grant
- Small Business Improvement Grant
- Pay As You Go Incentive

TAD BACKGROUND AND REQUIREMENTS

INVEST ATLANTA

The Atlanta Development Authority d/b/a "Invest Atlanta" is created and exists under and by virtue of the Georgia Development Authorities Law. It was activated by a resolution of the City of Atlanta Council and currently operates as a public body corporate and politic and instrumentality of the State of Georgia. Invest Atlanta was established to promote the revitalization and growth of the city and serves as the city's redevelopment agency pursuant to the Redevelopment Powers Law, for the purpose of implementing redevelopment initiatives within the city's ten tax allocation districts.

CAMPBELLTON TAX ALLOCATION DISTRICT

The TAD area consists of approximately 1,433 acres with 585 individual parcels along Campbellton Road and within five identified development sub-areas. The Campbellton TAD encompasses the Campbellton Road corridor and surrounding areas bordered by the string of industrial properties just east of Lee Street, Langford Parkway (GA Route 166) to the south, the Southwood Apartment Homes and Vulcan Quarry to the west and generally the northern edge of properties bordering the north side of Campbellton Road. A map of the Campbellton TAD boundaries is provided in Exhibit A.

CAMPBELLTON TAD OBJECTIVES

In 2005, Invest Atlanta commissioned a study entitled Analysis of Incentives to Encourage Investment in Underserved Areas. The study identified opportunities appropriate for alternative economic development tools to spur redevelopment in areas of the city that have historically suffered from disinvestment. The study ranked the Campbellton Road corridor among the top areas in terms of redevelopment potential.

In 2006, the City of Atlanta passed a resolution creating the Campbellton Road Tax Allocation District. The TAD area consists of approximately 1,433 acres with 585 individual parcels along Campbellton Road and within five identified development sub-areas. The Campbellton TAD encompasses the Campbellton Road corridor and surrounding areas bordered by the string of industrial properties just east of Lee Street, Langford Parkway (GA Route 166) to the south, the Southwood Apartment Homes and Vulcan Quarry to the west and generally the northern edge of properties bordering the north side of Campbellton Road. A map of the Campbellton TAD boundaries is provided in Exhibit A. The district falls within Neighborhood Planning Units P, R, S and X and Council Districts 11, 12, and 4.

As part of the establishment of the TAD, the Campbellton-Cascade Redevelopment Plan was conducted for the City of Atlanta in the Campbellton-Cascade area. The redevelopment plan studied current conditions in the Campbellton Road corridor from Ft. McPherson on the east to County Line Road to the west. Based on issues and opportunities identified through an extensive research and public involvement process in the marketplace, the following key principles were recommended as a basis for a housing and economic

development strategy for the Campbellton TAD:

- Improve the investment environment to attract a “fair share” of regional growth
- Preserve and enhance the residential neighborhood character
- Improve the appeal of the commercial areas
- Attract uses at key redevelopment locations to expand employment opportunities (major anchor projects are located along the corridor including Fort McPherson, Greenbriar Mall, and the Atlanta BeltLine)
- Stimulate redevelopment through creation of an effective public-private partnership

The purpose of the Campbellton TAD is to create public-private partnerships that will facilitate the redevelopment of a major commercial arterial linking downtown to neighborhoods in southwest Atlanta. The primary focus of the TAD is to invest in new development at several key commercial nodes along the corridor including Greenbriar Mall, Ft. McPherson, and areas to the west in order to spur additional commercial development along the corridor. Through financial incentives, the Campbellton TAD will help this key southwest corridor compete for new commercial development opportunities that might otherwise locate outside of the City.

TAD REQUIREMENTS

All TAD funding requests are distributed on a reimbursement basis and must include the appropriate documentation evidencing eligible capital costs have been incurred. The Georgia Redevelopment Powers Law (O.C.G.A. TITLE 36 Chapter 44) states that eligible uses of funds include:

- Capital costs, including the costs incurred or estimated to be incurred for the construction of public works or improvements, new buildings, structures, and fixtures; the renovation, rehabilitation, reconstruction, remodeling, repair, demolition, alteration, or expansion of existing buildings, structures, and fixtures; the acquisition of equipment; and the clearing and grading of land;
- Professional service costs, including those costs incurred for architectural, planning, engineering, financial, marketing, and legal advice and services; and
- Real property assembly costs.

The Campbellton TAD was created by the City of Atlanta and as such, applicants seeking funding shall address the City of Atlanta’s EBO and SBE objectives. The City has adopted the Equal Business Opportunity Ordinance, City of Atlanta Code of Ordinances 2-441, *et seq.* and a Small Business Opportunity Program, City of Atlanta Code of Ordinances Section 2-1356, *et seq.* Thus, Invest Atlanta strongly encourages applicants to use good faith efforts to promote opportunities for small, local and diverse businesses, including Minority Business Enterprises (“MBE”), Female Business Enterprises (“FBE”) and Small Business Enterprises (“SBE”) to compete for business as subcontractors, sub-consultants and/or suppliers. For an MBE, FBE or SBE to participate on the contract, said MBE, FBE or SBE must be certified for inclusion in the City’s Equal Business Opportunity (EBO) and/or SBE Programs with the Office of Contract Compliance. Eligible companies must be located within one of the following twenty county areas to be considered for certification in the City’s EBO and SBE Programs: Barrow, Bartow, Carroll, Cherokee, Clayton, Coweta, Cobb, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Henry, Newton, Paulding, Pickens, Rockdale, Spalding and Walton counties.

Companies interested in obtaining applications for certification should contact:

<p>According to an IRS revenue ruling, participating properties base their rents on the income limits published by HUD. HUD or IRS does not require participating property owners to raise rents based on updated income limit calculations. To the extent that owners increase rents, given the purpose, is to keep units affordable. HUD encourages owners to increase them no more than what is needed to keep pace with rising costs and recognizes that to promote housing stability, incremental increases are easier for tenants to absorb than sudden significant increases.</p>

Pay As You Go Incentives

Invest Atlanta invites qualified developers and property owners to apply for Campbellton Tax Allocation District (“TAD”) Pay As You Go funding assistance for large-scale catalytic real estate projects within the Campbellton Tax Allocation District (“Campbellton”). Pay As You Go Financing is not an upfront grant, but rather a program that allows eligible projects to be reimbursed for a portion of their annually paid property taxes. Once a project is completed, and the property tax revenues generated by the project increase, property taxes paid are eligible to be partially reimbursed on an annual basis.

OBJECTIVES

Invest Atlanta’s priority objectives for projects seeking to apply for Campbellton TAD funding through the Pay As You Go program include:

- New mixed-income residential development located along or adjacent to future Atlanta Streetcar or other transit routes, existing MARTA stations and/or bus stops, and planned BRT stations;
- Reuse of historic, vacant and/or obsolete buildings and redevelopment of parking lots into activity-generating uses; and
- New commercial development that provides neighborhood goods and services, access to fresh and healthy foods, dining options, or cultural amenities.

ELIGIBILITY AND REQUIREMENTS

Projects **MUST** meet the following requirements to be eligible for Campbellton TAD funding under the Pay As You Go program:

- have a minimum project size of \$5 million. If a project increases access to fresh and healthy foods, an exception to this minimum may be granted;
- be located within the geography of the Campbellton TAD boundaries (see Exhibit A);
- generate new property taxes through an increase in the taxable assessed value of the property;
- evidence property control through either a recorded deed, contract/option, or ground lease;
- Commercial, multi-tenant projects greater than 5,000 square feet must set aside a minimum of 20% of the gross leasable area at a minimum 20% reduction in market rent for a term of at least 15 years.
- Residential rental projects must create a minimum of 20 units;
 - set aside a minimum of 20% of units at 80% AMI or 15% at 60% AMI for a term of at least 15 years.
- make a good faith effort to fill at least 50% of all new entry level construction positions created by this award with First Source Jobs Program participants. The First Source Jobs Program was created to provide employment opportunities to unemployed residents of the city of Atlanta.

Note: Proposed projects must be deemed taxable for ad valorem purposes, current with outstanding property taxes, and paying full assessed property taxes upon completion of the project to be eligible for grant funding from the Campbellton TAD unless otherwise expressly approved by Invest Atlanta. Recipients of Campbellton TAD funding assistance may not apply for any additional property tax incentives that result in a projected-related property tax abatement or credit against future property tax payments with any other authority or entity unless otherwise expressly approved by Invest Atlanta. This includes the Georgia Preferential Property Tax Assessment Program for Rehabilitated Historic Property and lease purchase bonds issued by a certified development authority or any other similar entity.
