- Ascension Fund Grant
- Resurgens Fund Grant
- Small Business Improvement Grant

TAD BACKGROUND AND REQUIREMENTS

INVEST ATLANTA

The Atlanta Development Authority d/b/a “Invest Atlanta” is created and exists under and by virtue of the Georgia Development Authorities Law. It was activated by a resolution of the City of Atlanta Council and currently operates as a public body corporate and politic and instrumentality of the State of Georgia. Invest Atlanta was established to promote the revitalization and growth of the city and serves as the City’s redevelopment agency, pursuant to the Redevelopment Powers Law, for implementing redevelopment initiatives within the City’s ten tax allocation districts.

PERRY BOLTON TAX ALLOCATION DISTRICT

The Perry Bolton TAD is in the northwestern portion of the city of Atlanta and includes the Norfolk Southern Inman Yards and CSX terminals and adjacent neighborhoods to the south and east. The area contains a significant number of industrial buildings which add unique character and redevelopment opportunities. The Perry Bolton TAD includes over 650 new single-family homes, 700 apartments, a PATH multi-use trail and new parks and greenspace. The challenges to developing the parcels in the proposed Perry Bolton TAD present a textbook case on the effectiveness of the Redevelopment Powers Law. Despite this neighborhood’s prime location leading into Buckhead and downtown Atlanta and other major employment centers, it has not been subject to growth and development through private enterprise. The TAD is established to address the significantly underused and vacant properties, crime, conflicting land uses, and uninviting transportation arterials.

PERRY BOLTON TAD OBJECTIVES

In 2002, the City of Atlanta passed resolutions creating the Perry Bolton Tax Allocation District. As Redevelopment Agent, Invest Atlanta is responsible for promoting positive development within the Perry Bolton TAD and administering the TAD financing process.

The Perry Bolton TAD was created to address economic disinvestment and redevelopment of over 500 acres of real estate in the Northwest Atlanta area. Development of the West Highlands at Perry project would transform vacant land and an area once filled with derelict properties and old apartments into a vibrant, mixed-use, mixed-income community that will improve the economic standing of the City. The Perry Bolton TAD seeks to make possible Northwest Atlanta’s first new Traditional Neighborhood Development, a model project to build interdependent neighborhoods that foster a safe, vibrant sense of community with pedestrian-friendly, mixed-use public and residential redevelopments. This project should offer a new market that should foster private commercial development.

More specifically, the Perry Bolton TAD seeks to foster a livelier area and ameliorate poverty in surrounding neighborhoods. This will require investments that:

- Address significantly underused and vacant properties and run-down buildings
- Changes the perception of crime
- Address conflicts among land uses – residential, commercial and industrial
- Address conflict between residential and commercial/industrial traffic

- Address uninviting transportation arterials
- Provide capital to address lack of retail and neighborhood services
- Reduce socio-economic distress in surrounding neighborhoods by:
 - Providing community amenities for low-income residents
 - Reducing the high crime and poverty rates
 - Reducing the high housing vacancy rate and redeveloping dilapidated housing stock

TAD REQUIREMENTS

All TAD funding requests are grants that are distributed on a reimbursement basis, after Invest Atlanta receives the appropriate documentation evidencing that eligible capital costs have been incurred. The Georgia Redevelopment Powers Law (O.C.G.A. TITLE 36 Chapter 44) states that eligible uses of TAD funds include:

- Capital costs, including the costs incurred or estimated to be incurred for the construction of public works or improvements, new buildings, structures, and fixtures; the renovation, rehabilitation, reconstruction, remodeling, repair, demolition, alteration, or expansion of existing buildings, structures, and fixtures; the acquisition of equipment; and the clearing and grading of land;
- Professional service costs, including those costs incurred for architectural, planning, engineering, financial, marketing, and legal advice and services; and
- Real property assembly costs.

The Perry Bolton TAD was created by the City of Atlanta and as such, applicants seeking funding shall address the City of Atlanta's EBO and SBE objectives. The City has adopted the Equal Business Opportunity Ordinance, City of Atlanta Code of Ordinances 2-441, *et seq.* and a Small Business Opportunity Program, City of Atlanta Code of Ordinances Section 2-1356, *et seq.* Thus, Invest Atlanta strongly encourages applicants to use good faith efforts to promote opportunities for small, local and diverse businesses, including Minority Business Enterprises ("MBE"), Female Business Enterprises ("FBE") and Small Business Enterprises ("SBE") to compete for business as subcontractors, sub-consultants and/or suppliers. For an MBE, FBE or SBE to be recognized as such on the project, said MBE, FBE or SBE must be certified for inclusion in the City's Equal Business Opportunity (EBO) and/or SBE Programs with the Office of Contract Compliance. Eligible companies must be located within one of the following twenty county areas to be considered for certification in the City's EBO and SBE Programs: Barrow, Bartow, Carroll, Cherokee, Clayton, Coweta, Cobb, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Henry, Newton, Paulding, Pickens, Rockdale, Spalding and Walton counties.

Companies interested in obtaining applications for certification should contact:

<p>According to an IRS revenue ruling, participating properties base their rents on the income limits published by HUD. HUD or IRS does not require participating property owners to raise rents based on updated income limit calculations. To the extent that owners increase rents, given the purpose, is to keep units affordable. HUD encourages owners to increase them no more than what is needed to keep pace with rising costs and recognizes that to promote housing stability, incremental increases are easier for tenants to absorb than sudden significant increases.</p>
